

# Transformed by Automation

*Dynamics ERP Integration Delivered*  
**Payroll & PTO Tracking is a Breeze!**

## WHO

*Sound Ideas. Proven Products.*

Acoustic Ceiling Products (ACP) has over 20 years of history and experience in developing and selling building materials to home owners and contractors.

ACP came to Sierra after trying another time and attendance system and eventually reverting to a complex spreadsheet tracking system, with manual entry into Dynamics SL.

### Industry:

Construction

**# of Employees:** 85

## WHAT

Sierra System:  
**TIMEMASTER**  
SUMMIT

### Clocks:

3 Prodigy Clocks

### Accounting Package:

Microsoft Dynamics SL

## RESULTS

**“Love the easy import into SL – no more manual entry!”**

Sierra delivered a robust timekeeping system, proximity time clocks and an easy import to Microsoft Dynamics SL. Thanks to Sierra’s TimeMaster ACP saves over 2 hours a week of manual entry. Entry of information to Dynamics SL is a breeze when using Sierra’s TIA interface.

In addition, the ability to automate reporting and track signoffs works great. This product feature really enables supervisors to manage employee PTO.

“Sierra was wonderful to work with. Rapid response & professional attitude. Fun & friendly through many hours of collaboration.” Tammy Koepke, ACP

Another happy client making time “work” for them!
