

Payroll Workflow *Streamlined in the Cloud*

WHO

Your life. Our specialty.

Industry: Health Care

of Employees: 2,500

of locations: 26

WHAT

Sierra System:
TIMEMASTER
WEB

Clocks:
Web Clock
Interface

**Accounting
Package:**

Microsoft Dynamics GP 2010

RESULTS

“Sierra’s bi-directional interface was able to connect to Microsoft Dynamics GP in the cloud with a configuration change to the TimeMaster Integration Application. And it works with Binary Stream’s Multi-Entity Management tool passing it the information it requires to work optimally.”

Dedicated to providing the most advanced care to their patients, Florida Medical is constantly working to operate with the most innovative technologies and streamline their workflow to reduce costs.

Florida Medical achieved results, saving them time and money with the ability to process their timecards and port them to payroll in the cloud effortlessly in a matter of minutes.
